Kindrachuk Agrey **Connects**

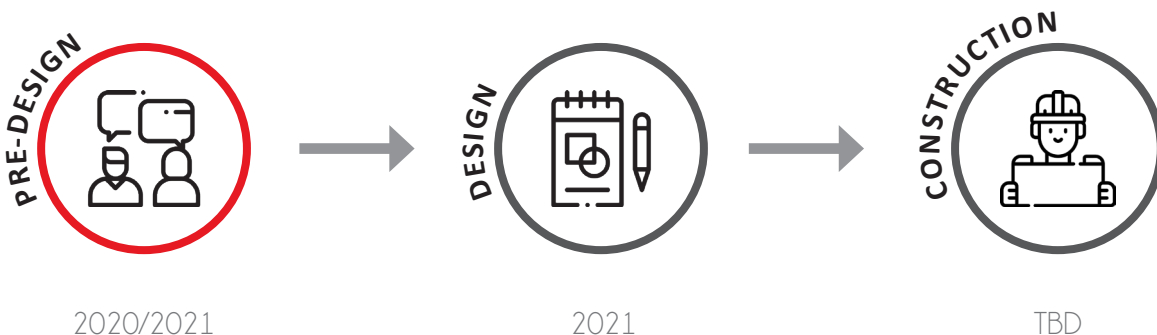

PROJECT SUMMARY

After years of educating children in makeshift facilities, Zagimē Anishinabēk has the opportunity to move through the early stages of design for a new school in the community. Kindrachuk Agrey Architecture has been hired as the architect to work with the Project Management Team and Zagimē Anishinabēk members to determine the requirements for, and to design, a new Kindergarten to Grade 8 school. The project will look at the possibilities for creating an educational environment that supports Zagimē's long-term vision and builds on the momentum in the community. Community engagement will play a major role in the project, with opportunities for participation in all project phases.

WHERE ARE WE NOW

Pre-design - This phase includes assessing the existing buildings and potential sites for the new school, as well as hearing from Zagimē students, staff and community members about what they want their new school to be. This phase also includes enrolment projections and analysis to determine the size/requirements of the school. A selected site and building program will be brought forward from this stage into design.

ENGAGEMENT SUMMARY

Session Title: Online Community Survey

Date: March, 2021

Participants: Zagimē Community Members

Objectives:

- Raise awareness of the project
- Gain general input from the community
- Identify important cultural considerations for the school
- Identify Opportunities and Challenges related to proposed sites
- Learn about community preferences for a variety of school spaces

Description:

An online survey was distributed to the community to gain valuable input that will be used to help determine priorities, inform site selection and design decisions as the project progresses. The survey was made up of 16 questions that took the 31 respondents just over 15 minutes on average to complete.

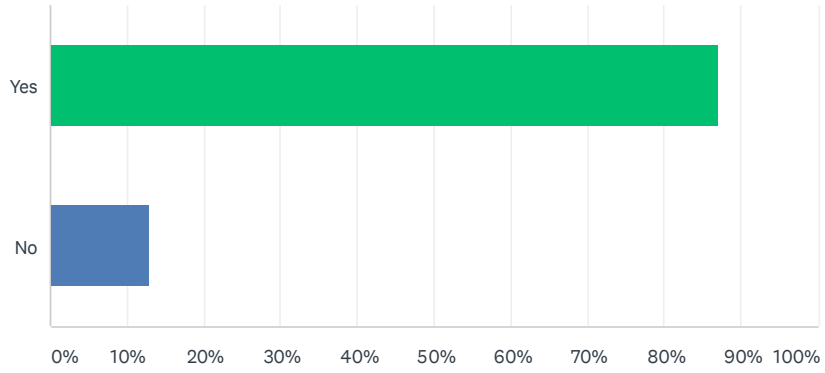

The following pages document what was shared.

Q6 Why do you say a new school is that important for Zagimē?

Answered: 31 Skipped: 0

#	RESPONSES	DATE
1	To have proper teaching spaces and that our students feel proud of their school	3/30/2021 6:02 PM
2	I think we need too support, help educate more of our youth for upcoming future opportunities as the world changes everyday. Education is the key to their success. It should create more job opportunities. Not only should schools be built but I think offices and homes as well!	3/29/2021 9:58 PM
3	would be nice to have all grades under the same roof	3/29/2021 1:47 PM
4	I believe it is important for Zagime to build a new school because our school is so separate from one another. It feels like we all have our own mini-schools. I think it will benefit the students for all, staff and students, to be in one building.	3/29/2021 12:20 PM
5	The classes and students are in separate buildings, this creates a feeling of segregation among staff and students. The facilities are not equipped to give students and staff the necessary space and storage.	3/29/2021 11:46 AM
6	In my opinion a new school is not warranted at this time. Members of Little Bone have been asking for a community hall for years.	3/14/2021 8:38 AM
7	A new school is important for Zagime First Nations children because , they will be learning about their culture and learning with other First Nations children within our community . I grew up on Zagime and experienced racism while attending off reserve schools and felt excluded because of my skin color . This affected me deeply as a child because , i was afraid and angry towards other children who were racist. I lived in fear and hiding in the bathrooms during recess hours because i wasnt accepted because of my skin color . The racism and bullying from racism, which is taught by their parents affects children and they're upbringing as a child . Working with our own children and teaching them to love unconditionally and showing them love unconditionally is part of a solution and our culture . It begins with working with our children within our community .	3/12/2021 1:25 PM
8	Require separate building for school	3/10/2021 1:25 PM
9	We will have the opportunity to educate our children including our language, traditions and culture.	3/9/2021 1:02 PM
10	For the infusion of Zagime language and culture.	3/9/2021 8:08 AM
11	Have their own space	3/8/2021 9:17 AM
12	Because right now its alot of running back and forth between buildings foe the staff which is stressful and because our children deserve to have an aesthetically pleasing, peaceful environment to learn in.	3/7/2021 11:20 AM
13	Education is a very important thing	3/6/2021 9:55 PM
14	Education is very important	3/6/2021 9:52 PM
15	Children are the future	3/6/2021 9:49 PM
16	Let more children have more learning opportunities	3/6/2021 9:47 PM
17	It's going to be very helpful to the children	3/6/2021 9:44 PM
18	The environment and the quality of teaching are very good	3/6/2021 4:39 AM
19	it is important to teach our language to our children and with a school on reserve this can happen easily	3/5/2021 6:44 PM
20	Bet Education is very important to all	3/5/2021 5:26 PM
21	Education on reserve is the goal for self determination.	3/5/2021 12:10 PM

ENGAGEMENT RESULTS

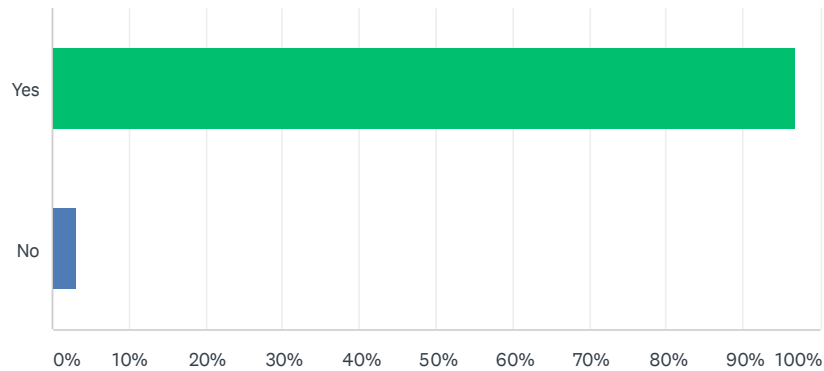

22	For our children to succeed and have the knowledge of there culture	3/5/2021 11:32 AM
23	It will allow our students to be educated close to home rather than being bussed into grenfell.	3/5/2021 11:21 AM
24	The demographics are driving the need for a school on-reserve.	3/5/2021 11:09 AM
25	The current facility is not a school, but an amalgamation of different buildings attached to the community centre. After years in this situation, the students and staff deserve a safe, healthy and modern facility that will support positive learning and teaching experiences that I hope will instill in the kids the love of learning.	3/5/2021 10:21 AM
26	It's important because our community is growing and there are more children starting and coming into school. It's better to have our own community school and safe instead of sending out children/youth out of the reserve for school due to this COVID-19 pandemic.	3/5/2021 10:20 AM
27	Children need a healthy space to learn not only the basics but how to interact/respect fellow students/staff. The scattered learning environment makes it more difficult logistically to develop bonds.	3/5/2021 10:15 AM
28	It is important for our on Reserve youth to be educated on their homelands with a culturally based curriculum and academic system that prepares them to be successful in their future high school studies.	3/5/2021 10:06 AM
29	I think it is important to have our future generation to be able to carry on our language and teachings. And it would create more jobs for our First Nations band members and our surrounding areas.	3/5/2021 9:56 AM
30	Education is very important.	3/5/2021 9:47 AM
31	So the kids can learn in a environment friendly place	3/5/2021 9:42 AM

13	Our history and teachings should be passed on	3/5/2021 12:10 PM
14	Absolutely, so much of it has been lost and we need more of it. Especially for those parents that grew up in a small town.	3/5/2021 11:32 AM
15	Teaching our children our culture is very important. The younger generation is losing their culture & ways.	3/5/2021 11:21 AM

ENGAGEMENT RESULTS

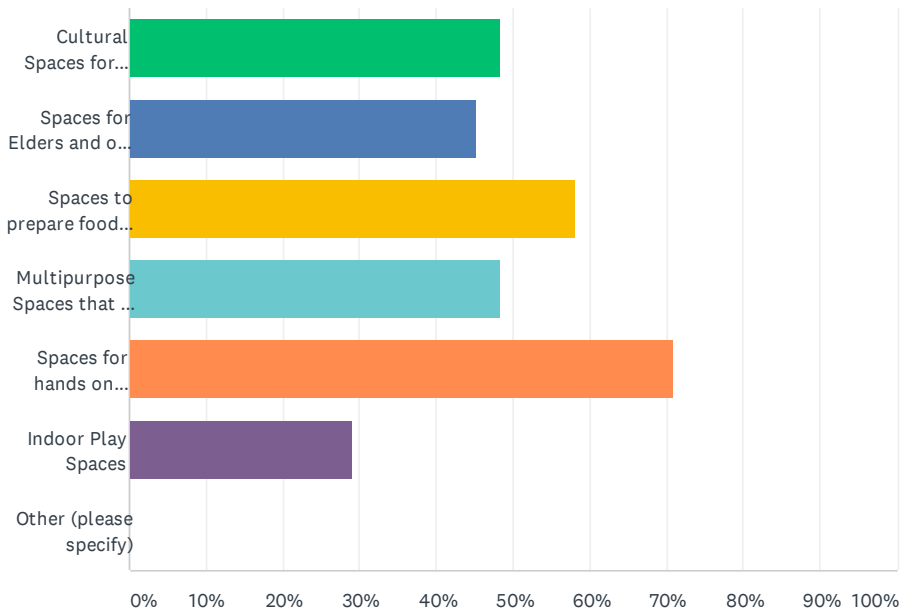

16	It's important that young people have a strong connection to culture and develop a strong sense of self as a foundation for health and well-being.	3/5/2021 11:09 AM
17	As a primarily Anishinabek community, members across all age groups, need to be reminded of their very rich cultural heritage and history. This needs to be reinforced in many ways, including in the school. It will reinforce and add to the learning experiences of the students, but also of the community members, most of who were likely taught in an institution that did not reflect their background in any way - either in the building or what they were taught. In many ways, structures reflect who we are, and they can inspire thoughts, feelings, beliefs and pride, which our new school should.	3/5/2021 10:21 AM
18	To help bring back our culture and language which isn't being taught as much as today.	3/5/2021 10:20 AM
19	We need to keep our children connected to our past, our history, our families. Our culture encourages peace, health, tranquility. We learn from our culture things that you cannot get from the reading, writing, arithmetic. Roots keep us all grounded.	3/5/2021 10:15 AM
20	So that our youth are educated in their identity	3/5/2021 10:06 AM
21	I grew up not knowing nothing about my Culture and I don't want that for my child	3/5/2021 9:47 AM

1	2 , 3, 1, need to be closer and more visible	3/29/2021 9:58 PM
2	All sites are great.	3/29/2021 12:20 PM
3	Site 4 has a tendency to flood.	3/29/2021 11:46 AM
4	N/A	3/14/2021 8:38 AM
5	Site 2 and 3 are to close to the highway .	3/12/2021 1:25 PM
6	Site 1 is too close to highway & too far away from other facilities	3/10/2021 1:25 PM
7	Site #4 high traffic area due to the offices.	3/9/2021 1:02 PM
8	No just own space	3/8/2021 9:17 AM
9	No	3/7/2021 11:20 AM
10	no reason	3/5/2021 6:44 PM
11	Sight 4 is central and easy access	3/5/2021 5:26 PM
12	No	3/5/2021 11:32 AM
13	I would say #1	3/5/2021 11:21 AM
14	Too close to highway may be a safety issue	3/5/2021 11:09 AM
15	Site 4 is a lower spot and because of the problems Zagime has had with flooding in the past, the school should not be located close to areas that have flooded, or more likely to flood.	3/5/2021 10:21 AM
16	To be closer to the community buildings	3/5/2021 10:20 AM
17	realistically, I don't know the underlying land at each location so chose my preference entirely on location. consideration should be given to land quality (water issues, wildlife, access)	3/5/2021 10:15 AM
18	Site seems that it may be kind of unsafe so near to that corner and the school would create much more traffic	3/5/2021 10:06 AM
19	Site 1, just because I feel like being in the general location of our old school etc, would feel most comfortable for our students and even our community members.	3/5/2021 9:56 AM
20	NA	3/5/2021 9:47 AM
21	Anywhere it doesn't flood and walking distance for children	3/5/2021 9:42 AM

#	RESPONSES	DATE
1	not at the moment	3/29/2021 9:58 PM
2	No	3/14/2021 8:38 AM
3	The children to be near the community buildings.	3/12/2021 1:25 PM
4	If you build a school, let it be a school. Community will have existing building for funerals, activities & ceremonies.	3/10/2021 1:25 PM
5	Our children, who are our future should be prioritized.	3/9/2021 1:02 PM
6	They need own space	3/8/2021 9:17 AM
7	No	3/7/2021 11:20 AM
8	no	3/5/2021 6:44 PM
9	I have noticed that the school is centrally located . it's close to health care administration and public works	3/5/2021 5:26 PM
10	No	3/5/2021 11:21 AM
11	Not that I can think of at this point	3/5/2021 11:09 AM
12	The school, as many schools on First Nation reserves, tend to become one of the more important facilities. In the past Zagime has experienced some weather related emergencies. The design should incorporate and support having the school as a designated emergency location. But the school should not be used for such things as funerals and wakes. Also, don't include me in the gift draw.	3/5/2021 10:21 AM
13	We all want our children to be successful. We want them to learn all they need to be able to compete in the world outside our circle while still maintaining our community, families, culture. We don't want to lose in order to make those gains. Happy, healthy, educated families will help our community grow as a whole.	3/5/2021 10:15 AM
14	We must prepare our students to be successful when they graduate to grade 9 and move to another school, they must be on par.	3/5/2021 10:06 AM
15	I think having a new school is such a great idea! Personally growing up on reserve and going to school on Zagime and then having to go to school in Grenfell in grade 3 was a very hard and scary transition, culturally and the new environment and class size difference (10+ students to about 30 consistently). It would make lives a little easier as well, and less overwhelming for the students and parents.	3/5/2021 9:56 AM
16	Not right now	3/5/2021 9:47 AM
17	Train band members for construction .	3/5/2021 9:42 AM
